- Urges the EMOs to utilise their unified strength on this topic to lobby the Commission on the points outlined in the joint statement.
- Demands that the EMOs make the strongest possible representation to relevant MEPs and to DG MARKT
- E.A.N.A. also urges each member within the EMOs to adopt and advocate the points outlined in the joint statement within their own organisations and to relevant national authorities, particularly in regards to the transparent adoption and implementation of legislation of the Directive 2005/36/EC
